Vision

[woonruimte coöperatief] in collaboration with noon coffee & culture, runs a cooperative space in Amsterdam Oost where people can work, make, meet and gather. The space is an integral part of Wooncoöperatie de Nieuwe Meent, a housing cooperative organised around the principles of commoning. We are located in Middenmeer, Amsterdam Oost, next to Station Science Park, with good public transport connections.

We are home to a cafe and bookshop, an event space, a co-working space, a meeting room and a workshop room. Open to walk-ins and available for private or public use, we are all about sharing and collaborating. The spaces can be used for meetings, presentations, dinners, exhibitions, workshops or community events.

Together with local organizations and cooperatives, from housing to energy and food coops, we're creating a space built on a shared vision of sustainable and inclusive community building.

Spaces

The event space on the ground floor is located on the corner of dNM. During the day the space is run by noon, with a café and bookshop. During the evening the space transforms into a nice venue for events and gatherings of different nature.

Movable furniture allows for multiple layout variations and capacity, making it an ideal space for (semi-)public events, such as screenings, lectures, presentations, and private occasions, such as birthdays and dinners. The event space includes a kitchen and toilets (including MIVA).

The event space is rented per daypart from 17.00 to 24.00. Exceptionally for special events that span one day or several days, for example for a seminar.

Our host will be available 30 min in advance to help you set up the room, and will come reboot the space 30 min after the end of the event. During the event the host is available for technical support. *Example: for a standard rental, if the event lasts 3 hours, the total costs are 450€ rent + 3h x 25€ host, total 525€.*

*Tariffs will be agreed case by case.
